The Y is dedicated to building healthy, confident, connected children, families and communities. Our impact is felt everyday when an individual makes a healthy choice, when a mentor inspires a child and when a community comes together for the common good.

Dear YMCA Family and Friends,

2018 was an outstanding year meeting the needs of the communities we are fortunate to serve. We did this through terrific programs serving all ages in our community, including two new programs, the Summer Learning Academy and Kamp K’aana. Focused on education, the Academy keeps at-risk children on grade level and slows the challenge of summer learning loss. K’aana gives children who struggle with weight the opportunity to learn about a healthier lifestyle while spending an active two weeks at Camp Grady Spruce. Needs were also met at Y branches as members improved their health and wellness while spending time with new and old friends. All our work is underscored by our mission, “To put Christian values into practice through programs that build a healthy spirit, mind and body for all.”

The Dallas YMCA is in our 134th year of service to our community. The beauty of the Y is adapting to the changing needs of fast-growing communities. We look quite a bit different than we did in 1885 but we’re consistent in standing ready to serve those that need the Y.

We are proud to share a snapshot into the life of your Y over the past year. You are an important part of what makes the Y great and we appreciate your commitment, participation and support.

This is Our Story.

Warmly,

Crayton Webb      Curt Hazelbaker
